## 400 ELAST-A-BOND MASONRY AND WOOD FINISH EXTERIOR/INTERIOR ZERO V.O.C.

### DESCRIPTION

This premium acrylic finish is the latest in technology of zero V.O.C. coatings. It is primarily designed for exterior surfaces of properly prepared wood and masonry as well as primed metal. Use as a solid color stain on new select grade wood or use as stucco finish for new or repaint work. This attractive flat finish protects the surface with a flexible film that is highly resistant to fading, chalking and blistering. The benefit of a Zero V.O.C. formulation makes this product a favorite for schools, hospitals and public buildings needing a durable flat finish.

### COLORS

White, Stock Colors, as well as custom tinting full spectrum of colors. Factory Custom colors 100 gallon minimum.
